HOW TO PLAY KENO

We offer 2 games, the Tulalip Game, our main Keno game, and the Eagles Game, the game being displayed in the Eagles Buffet.

ONE

Keno is an easy game to play. To begin, X-out 1-15 numbers on a keno ticket.

You can play simple \$1.00 games or you can play other specials located in the back of this brochure. Next write the number of games you want to play in the left box located at the top of your ticket, beside that box, write the dollar amount of your wager, the total price of your ticket will go in the right hand box. i.e., you want 3 games at \$1.00 equals \$3.00.

TWO

Present your completed ticket to the Keno writer at the Keno counter, or to the Keno runner available for your convenience

THREE

Number shown on the display boards for the Tulalip Game must coincide with the balls drawn for that game, which are the only official result.

The Eagles Game is drawn by an approved Random Number Generator: therefore the displayed numbers are the official results.

Our Ticket Information Stations are available 24 hrs/7 days a week so the player may scan check the status of their Keno ticket, even if the writers are unavailable or the counter is closed. Just scan the barcode!

MULTI-GAME KENO

2-20 GAMES

“Multi-Game” Keno allows you to play your numbers over several consecutive games without waiting in line. Mark your numbers on a ticket and select the number of games you wish to play. Your ticket(s) will be tracked and recorded electronically. This same ticket will be played on every one of your games.

WINNING TICKETS MUST BE COLLECTED WITHIN 24 HOURS.

21-999 GAMES

This option allows you to play anywhere from 21-999 consecutive Keno games without even being present! You can take up to one year after your last game to collect your winnings. Just mark your favorite ticket, the number of games you want to play, pay for the games in advance and you're off!

Patrons must present the winning ticket in person. All tickets are tracked and recorded by our state-of-the-art Keno computer. You can check the results of your play by calling the Tulalip Casino Keno counter at 1-360-716-1249 or toll free at 1-888-272-1111 ext ext 61249

Regulations require that all regular Keno rules be followed unless otherwise posted. Any violation will result in the ticket and/or the winnings being voided.

CAN'T DECIDE? QUICK PICK!

If you can't decide which Keno numbers you want to play, you can let the Keno computer pick your numbers for you. Simply mark your ticket with “Q/P” and the amount you want to play, and the computer will choose your numbers at random. This option can be applied to straight ticket or Way and Combination tickets. Ask for details at the Keno counter.

FREQUENCY REPORTS

If you would like a report on how frequent certain numbers have come up in a certain amount of games, our friendly Keno writers will gladly print one out for you.

HOT AND COLD

These are computer selected numbers that have hit consistently (These numbers are hot!) or infrequently (These numbers are bound to come in!) In the last 250 games. Play 1-15 numbers or 3 way combination tickets. Ask your Keno writers for details.

KENO RULES

Keno runners are available for your convenience. However, we are not responsible if the tickets are too late for the current game. Tickets carried by Keno runners are not valid until processed at the Keno station. **ALL TICKETS MUST BE COMPLETELY FILLED OUT BEFORE THEY WILL BE ACCEPTED.** The Keno runner will gladly assist the customer as time allows. **TICKETS AND MONEY LEFT AT THE TABLE UNATTENDED WILL NOT BE PICKED UP.** Keno runners are instructed not to accept tickets without the player present and (not to wait for players who are not ready for the current game.)

Make certain that your ticket is copied correctly by the Keno writer. All winning tickets are paid according to the computer generated tickets only. (Not according to the ticket you submitted.) Please check your tickets for errors before each game is played as tickets which are not corrected must go as written.

IMPORTANT! All Keno winners are paid on the computerized ticket only! We are not responsible for writer error.

PLEASE CHECK YOUR TICKET! This is your receipt, check it carefully. Errors must be corrected before the start of the next game. The numbers and conditions registered on the computer shall govern.

Federal regulations require a casino to report any winning Keno ticket with a payout in excess of \$1,500.00. The price of the Keno tickets may be deducted from the total winnings. It is a Keno winner's responsibility to report all winnings, regardless of the casino's involvement. Keno Limit is \$100,000.00 each game. If total payouts exceed this amount, they will be aggregated automatically.

The Payor of nonresident alien Keno winners must withhold 30% of the gross winnings. The payee must file form number 1001 with the payor to determine whether they qualify for a rate of withholding lower than 30% due to possible treaties or conventions between the United States and the payee's homeland.

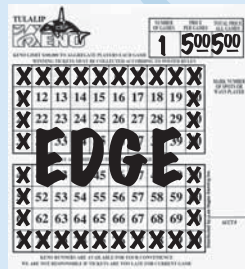

For further help please ask Keno management. This Keno guide supercedes all other Tulalip Keno Paybooks.

Payouts to players may be withheld if a valid I.D. is not available at the time of collection.

PLAY WAY TICKETS

Way tickets are an exciting and popular variation of regular Keno and are the favorite of experienced Keno players. When playing this type of ticket, you have the ability to play several “ways” on only one ticket. The groups, or ways, are separated by circles or lines.

When playing a Way Ticket, you may play your ticket for 50¢ on the dollar if you are playing three ways or more in combination, 25¢ on the dollar if you are playing 10 ways or more and 10¢ on the dollar if you are playing 100 ways or more in combination. All tickets are subject to the approval of the Keno supervisor.

A few examples of our most popular Way Tickets are shown below. If you have questions about Keno, please don't hesitate to ask our Keno writers or runners to help.
